Much of the past week was taken up with preparing the annual glide show "Gould Through The Years" which is featured each September during the Gould Alumni Week End. Many new slides of old photographs were included and approximately 150 persons attended the two showings. Many more photographs are needed including ones of the 1020's, 1930's and the 1970's. Anyone having some that might be used next year or at succeeding times is cordially invited to notify the Society, 824-2908. The slide show was part of

what is hoped will become an annual Homecoming Day in Bethel with a variety of activities centered around the Moses Mason House. Highlighted this year was a harvest exhibit in the museum organized by Gertrude Hutchins, an art show assembled by Helen Morton and a special historical exhibit on "Bethel's Historical Heritage". One of the Bethel Historical Society's most prominent members died this week and the deepest sympathy is expressed to her family. Nell Valentine was Charter Member, a Life Member and recently was named an Honorary Member. No one in the Society's history has been all three and this unique position is testimony to the great regard in which she was

The Alumni Board discases or severe chronic anemia of Directors then met for their annual fall meeting at which time plans were reviewed for the next year of operation.

Saturday seems to be a day of eating with three major meals scheduled for those registered for the whole day. A hearty breakfast of scrambled eggs, sausage, blueberry pancakes and baked beans was served beneath a colorful blue and gold tent, set up behind the home of Headmaster Donald W. Fudge. Following that, over 60 alumni walked to the Bethel Historical Society's Moses Mason Museum to view a special alumni slide presentation that was produced by Society Director Stanley R. Howe, Gould class of 1962. This popular show is entitled "Gould Through the Ages" and Coming events are: honoring includes slides of Gould's history since it was founded in 1836. The show was repeated for another 60 plus alumni that afternoon.

The Alumni Luncheon and Annual Meeting was held in the William Bingham Gymnasium where 225 enjoyed a buffet. At this time the special five-year reunion classes, those whose numerals ended in 2 or 7, were introduced in addition to retired faculty who had been invited back for their festivities. Also introduced, were the

FAST Andover ANDOVER - Mrs. Marjorie Jodrey, Cor. -

Ten members of the Andover Service Circle had a candlelight picnic at Sue Field's home. They donated \$25 to Old Home Days 83. The flea market was a huge success. Plans are being made for a food sale in November. The next meeting will be Oct. 12 at Ann Bishop's house. The meeting will start at 7:30 p. m. They would love to have anyone come and join in their activities.

Raymond Hutchins, president of the Andover Library Association announces Linda Percival as the new assistant librarian. Mrs. Percival was selected at a meeting held at the Library on Sept. 15. Phyllis Spaulding was chosen as substitute librarian, and Richard Johnston was asked to assume the duties of treasurer, left vacant by the resignation of J. Austin Daigle.

The Library would like to start up the pre-school story hour, but need volunteers. Anyone who would like to spend some time with young children reading and doing simple crafts are asked to contact Janet Hutchins, either at the Library or at home, 392-1672. Please give some thought to this, the children will thank you with their smiles. The next Library Association meeting will be held at the Library on Nov. 8.

Oct. 4, at 7:30 p. m. June Swan attended the class of 1942 Gould Academy reunion at the Bethel Savings Bank during the week end.

Lee Swan and Roger Hanscom attended a meeting with Supt. of Schools Wayne Gersen, and Selectmen and School District Directors from the other towns in S.A.D. 44, at the Woodstock Elementary School, Sept. 23. Dr. Gersen explained the plans for the construction of a new elementary school on Rumford Avenue, Woodstock. S.A.D. 44 voters will be given a chance to vote on the question at the the Nov. 2 election. The estimated cost of the school is \$1,125,000. The voters will be asked to approve the Directors issuing notes or bonds of the District in the amount of \$1,068,-750, which is 95% of the estimated cost. Under the present plans this amount will be paid to the District by the State over a gonquin, Ill., joined them for dia-20 year period, to be used in pay- ner.

ing off the bonds. The remaining \$56,250 is to be raised by the District. This will be the initial cost of the school to the District. Selectman Hanscom expressed concern that the State might at any time reduce or cut the program, and that since the District, not the State signs the bonds, that the cost might be far more than this. Also the interest on the bonds will be considerable, and the actual cost could well be more than the estimated cost, and Hanscom felt this cost would probably have to be borne by the District. The proposed school would have seven class rooms, a library and gymnasium. It would have 15,500 square feet of space. GOULD TOPS TELSTAR 5-2 The Gould Academy Huskies downed the Telstar Rebels in boys soccer action before a large Alumni Day crowd on Saturday, Sept. 25, at the Gould athletic field.

After battling through a scoreless first quarter the Huskies began the scoring at 1:41 of the second quarter when Mike Senese scored the first of his three goals on the day from an assist by Will Hazzard. Senese's other two goals came at 12:15 and 17:20 of the same period to end the half-time scoring at 3-0.

The Huskies charged off the line in the second half and upped the score to 4-0 at 5:20 of the third quarter on a goal by Luis Locsin. The Rebels then countered with their only two goals of the game. The first was scored by Brian Whitman at 7:22 and the second by Chris Mills at 13:59 to end the third quarter at 4-2.

The final quarter saw only one score as Husky Charlie Flynn, assisted by Oliver Fisher, finished things off to end the scoring at 5-2. Dean Brown, Bethel, son of Cor-luncheon preceding the meeting. Both goal keepers played great

TELSTAR 3, BERLIN 1 IN FRIDAY SOCCER

The Telstar soccer Rebels picked up their first victory ever against the Berlin Mountaineers on Friday, Sept. 24 in Berlin.

The Rebels got on the scoreboard first at 14:45 of the first quarter when sophomore Ken Whitney put a well-timed half vollev shot into the Berlin net. The half-time score was 2-0 after Bruce Barth vollied a crossing pass from right wing Chris Mills and fired it into the corner of the Berlin goal.

Then, at 14:42 of the third quarter, a defensive mix-up resulted in the only Berlin score of the day as Don Arquire sent a free kick deflected from a Rebel player into the Telstar cage.

at 5:33 of the fourth quarter when Shawn Smith took a pass from through a crowd and into the corner of the opponents' goal.

Junior Josh Putnam contributed some fine defensive play and Bryan O'Donnell had an outstanding day leading the Rebel attack with great team play.

Sophomore goaltender Brandon lawn. Salway was tough to get by and Telstar outshot Berlin 16-11 but Berlin led in corner kicks 4-1.

Sunday River - Jeannine Fleet, Corres. -

Brad Harrington of Sunday River was one of the successful moose hunters. Brad got his moose in the Moosehead Lake region on Wednesday and arrived home on Thursday night with a 14 point, 675 lb. woods dressed bull. They traveled about 150 miles on their three wheelers. This is a big accomplishment for Brad as he has had MD for quite a few years and is unable to walk. Brad and his father, were accompanied by Uncle Frank and Brad's brother, Ralph. They took their three wheeled all terrain vehicles with them. They saw at least 14 moose before one stood long enough for Brad to get a shot off. The moose was hauled out by the three wheelers to their camp site. Miss Sharon Daye was home

SUNDAY SCHOOL STARTS OCT. 3 The Locke Mills Union Church is trying a new twist to the opening of Sunday School this year, to help parents, children and teachers become better acquainted.

Following the public Harvest Supper on Saturday, Oct. 2, parents may register their children for Sunday School classes which will start at 10:30 a. m., Sunday, Oct. 3. A family fun hour will begin at 7 p. m. in the church featuring Carl Brooks and his dancing dolls.

The Christian education of youth is a very important part of the work of any church. The members and friends of the Locke Mills Church are very proud of their ex-cellent Sunday School and dedi-cated group of volunteer teachers and want everyone to feel welcome and a part of this ministry.

Pre-registration is not necessary in order for a child to attend Sun-day School. Anyone unable to join the fellowship on Saturday night and register children, may register them at 10:30 a. m. on Sunday.

At the close of the banquet, the remion classes retired to near-by homes, restaurants, or inns for more socializing.

On Sunday a special alumni service was held at the West Parish Congregational Church which has long had close ties with Gould Baccalaureate services are held there and many faculty and students have or still do participate in the choir and youth activities of the church. A special memorial was read by Alumni Director Al Barth '54 remembering those al umni, faculty and friends of Gould who had passed away during the year since Alumni Week End 1981.

Plans are already underway for Alumni Week End 83 on Sept. 23-25, 1988, with the five-year classes being those whose numerials end in

ble TV ordinance, the Board reviewed carefully all citizen inputs and comments relating to the ordinance itself. Most comments addressed the issue of the number and degree of restrictions that the ordinance would impose on cable TV use. Would, for example, a private citizen or a group of neighbors be permitted by the ordinance to own and operate a satellite dish antenna mounted on a roof top or front lawn? The answer to this question is unqualifiedly yes. If it were not for the fact that the public rights of way are used to route cable TV signals and, instead, we each had dishes mounted on our roofs, there would be no need for an ordinance. In short, only when TV cables are strong along our roads must a franchise be obtainservices simultaneously.

WALKING WITH **JESUS CHRIST**

Hey Mom, let's do something!-I'm bored. And so it goes throughout life—even when we're retired we wonder "what"? Our energies seem to be directed to "what shall I do next?" Some of us like to peek around the corner hoping to find the rewards that are symbolized by the pot of gold at the end of the rainbow.

Sitting quietly we hear the clock ticking away the seconds into eternity-never to return-and it seems we are traveling rapidly forward -to??

We think upon memories and wonder about the future—maybe we even have plans—and yet, they so often do not seem to be the total answer.

The whole problem is - what's ahead?-"Hey Mom, let's do something." Yes, even the child has a desire to fill—a vacuum perhaps? A thought comes to mind-"The whole purpose of life is eternity."

From birth to death there is life —for some it's short, for others three score, ten and perhaps a little more—Psalms 90:10. The question is—what have we done and what will we do with the time allotted to us? If life is a proving ground, a time of testing and doing-what bearing will it have for eternity? Life now is the beginning of eternity. A Bible believing person knows life is short-2 Peter 3:8—"But, beloved, be not ignorant of this one thing, that a day is with the Lord as a thousand years, and a thousand years as one day." And then-in the twinkling of an eye we face a Holy God. The book of life are opened and there before us a parade of events are recalled.

Rev. 20:12 and 15:- "And I saw the dead, small and great, stand before God, and the books were opened; and another book was opened, which is the book of life. And the dead judged out of those things which were written in the books, according to their works.' "And whosoever was not found written in the book of life was cast into the lake of fire."

The question is-do we seek our own way or that of God's? Psalm One: "Blessed is the man who walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doeth he meditate day and night." 6-"For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish." Fred Werner

RESOLUTIONS OF RESPECT There is sadness in our hearts as we learn of the passing of our Worthy Sister, Eva Yates. But the members of Bear River Grange recognize the wisdom and mercy of our Heavenly Father, Master of the Great Grange above, in calling our Sister to her eternal rest. Our Worthy Sister, Eva Yates, served the Grange faithfully and diligently in over 59 years of service in the positions of Flora, Pomona, Ceres, Lecturer, and Chaplain. May the following poem be

You can't hold back the tide Or stop the tides from flowing Or keep a rose from withering Or still a wind that's blowing. And time cannot be halted In its swift and endless flight For age is sure to follow youth Like day comes after night... For he who sets our span of years And watches from above Replaces youth and beauty With peace and truth and love...

And so it seems, those passing years
Are opening up the way
To the everlasting beauty
Of God's eternal day.

It is the desire of Bear River Grange members, that copies of these Resolutions be sent to the Family of our Sister, to the Bethel Citizen for printing and a copy be held in our keeping. Resolutions Committee

WEST BETHEL Children's Center

The Children's Center has opened its doors for a new program year. 32 pre-school children, ages 21/2 to 6 years are enrolled in the Headstart and Daycare programs. Children from both programs are integrated in one daily routine and both programs receive benefits from sharing staff and materials. The different age groups contribute to a warm- caring "homelike" environment. The whole center is set up in Learning-play areas specifically designed to meet children's needs in all developmental areas; such as social/emotional language development, intellectual, fine and gross motor. and nutritional and health. Dr. Wayne F. Gersen

For the past few years, the administrators and Board of Directors of S.A.D. 44 have made a concerted effort to involve the parents and public in their decision making process. This effort has teria. Married persons may also resulted in the creation of advisoqualify at the age of 55 providing ry committees at each elementary school, advisory committees for the school lunch program and the building project, and an advisory committee for adult education. The Board's committment to public involvement has also resulted in public hearings on the budget, curricular issues, and the building

> Public participation has, on occasions, been the source of mutual frustration. I have participated in several "public" hearings where only Board members and school personnel were in attendance, a frustration for S.A.D. 44. On the other hand, committee members and public hearing participants often feel frustrated because they feel their suggestions fell on deaf ears and the rate of change in the school organization is too slow.

On other occasions, however, public hearings and advisory committees have resulted in mutual satisfaction and mutual under-standing. Often, participants in public hearings gain a deeper un-derstanding of the total picture facing the school board, while the Board members gain a greater un-derstanding of the public's position. Both parties leave the hearing with a new outlook. Often, particularly on advisory committees, Board members and administrators get very valuable assistance from community members, and community members gain a sense that their participation resulted in a positive change. In this case, both parties share in a satisfac-tion that results from accomplish-

ing a difficult task. In the coming weeks, the district will be expanding its community outreach in several ways:

Three advisory committees will be formed: an extracurricular review committee; a solid fuel committee; and, a high school advisory committee. Each of these committees will meet 4-6 times in the coming year. The extra-curricular committee will review the current extra-curricular offerings, and submit a recommendation to the Board on the future direction of extra-curricular activities in S. A.D. 44. The solid fuel committee will examine the long-range and short-range consequences of converting to solid fuel in S.A.D. 44. and prepare a recommendation for the Board of Directors. The high school advisory committee will view proposed changes. Each of these committees needs community members, and each promises a level of participation that will be rewarding for committee mem-

Three public hearings on the building project at Woodstock will be conducted, the week prior to the referendum. These hearings will be designed to answer questions about the funding of the school, and the concept of the school. The Board has decided that the question of building a school should be placed before the voters. The reasons for this decision will be shared at these meetings.

Public hearings on the budget for FY '84 will be conducted twice. prior to adoption by the Board: and, prior to adoption by the public. While the level of public participation at budget hearings in the past has been low, it is hoped

MAINE CHAPTER #7 1918 CLUB HOLDS FALL MEETING

Mr. and Mrs. Robert B. Swain of East Andover, entertained 55 members and guests of the Maine Chapter #7 of the 1918 Club at their home on Sept. 26. The club has been organized for ten years and this was the largest attendance. Sixteen arrived in time to attend services at the First Con-flower can give essence to an engregational Church in Andover,

A delicious meal was served, followed by an auction. President Doris Remick, Sanford, conducted the meeting. A slate of officers for 1983 was elected. President Doris Remick, Sanford; Vice President, Charlotte Hall, Portland; Secretary and Editor of a monthly bulletin, Violet P. Swain, East Andover; Treasurer, Phyllis Bellimer, Scarborough.

After dinner and during the afternoon Mr. Swain gave plane rides to those wishing to see the fall foliage. Many took advantage. Some had never flown before and

were pleased. A Christmas party is planned for Happy Jack's in Lewiston, Dec. 4. The "Acorns", a senior citizen group, will entertain after the dinner. They live in the Lewiston

that by scheduling the hearings prior to the Board's final deliberations, greater public participation will result.

If you are interested in participating in any of the committees described above, please call my office at 824-2185 between 8:00 and 4:00. I hope that if you are interested in learning more about the ticipating in the S.A.D. 44 budget development process, you will be able to attend the public hearings in your area. If your participation or attendance is impossible, please contact your school board member to share your thoughts. The administrators and Board of Directors' greatest frustration is apathy and silence. Please share your thoughts with us in the year

A strong small business advocate, Noble supports efforts for meaningful changes in workers' compensation laws. He has received the support of the MEPAC (Maine Chamber of Commerce Political Action Committee). In response to their endorsement Noble said: "I am proud to have the endorsement of the Maine Chamber of Commerce. They are a strong advocate of business, particularly small business which makes up 90% of all businesses. In my travels around the district I have talked to many small business men and women and they all feel strongly that something must be done to ease the workers' compensation laws. This will create a better business climate and thus create more jobs for Maine people. I support the State Chamber's efforts to make meaningful changes in the existing workers' compensation laws."
